## Dies In City

John Gillespie, for 35 years a leading business man and community service worker of this city, died Wednesday in a city hospital. (See story page 9.)

## Pattullo Plans To Continue As Head Of Regime

VICTORIA, Nov. 20.—(CP)—Premier T. D. Pattullo today declared his intention of carrying on as head of a Liberal regime in British Columbia when the provincial legislature meets next Dec. 4, and declined that the resignation of another cabinet minister had been tendered but refused.

After making a statement in which he said he felt assured "time will again vindicate my action" in refusing to form a coalition government, the premier told a press conference that he had submitted his resignation to the cabinet. Minister K. C. Macdonald had accepted the resignation but Mr. Pattullo was not accepted and "Dr. Macdonald will carry on—he is staying with us."

NOT YET ACCEPTED  
The premier also told the press conference he had not yet accepted the resignation as Attorney-General of Norman Whitaker which was submitted yesterday. Like John Hart and George Pearson former finance and labor ministers respectively, Mr. Whitaker quit the cabinet over the issue of coalition, which they favor but Mr. Pattullo opposes.

Dr. Macdonald, also an advocate of coalition, told reporters his resignation had been delivered at the premier's request, but that Mr. Pattullo subsequently asked him to carry on. He said he had consented to do so "but I am clearing up my desk."

When the British Columbia legislature meets December 4, the Liberals will have a representation of only 21 members compared with 34 C.P., 12 Conservatives and one labor member.

Mr. Pattullo said he was carrying on a Liberal administration "because I think it is the right thing to do and whatever immediate results may be, I feel assured that time will again vindicate my action." Under any circumstances, I shall have the satisfaction that I have never betrayed the public nor the Liberal party."

WILL ATTEND MEET  
The premier said he would attend the convention of the British Columbia Association in Vancouver Dec. 2.

During the convention, Dr. W. J. Knox of Kelowna, association president, said that "so many indications from all parts of the province that the rank and file feel it necessary to clear up the general situation."

## NEW YORK, Nov. 20.—(AP)—A BBC broadcast said today two German divisions were wedged in between Bardia and Tobruk as the British forces drove deeper into the Libyan desert in North Africa. The broadcast, heard in New York by NBC, said a vigorous offensive was being maintained by British troops along the entire 140-mile front, and that Axis prisoners are arriving in Cairo.

LONDON, Nov. 20.—(CP)—Prime Minister Churchill declared today that Britain's long-awaited big push into North Africa, sprung out of the Egyptian dawn two days ago, already had won positions of "marked advantage" and that the major test "cannot be long delayed."

He said Britain had waited, planned and waited for five months before unleashing the assault. "It is far too soon to indulge in any optimism," he said, "all now depends on the battle which follows. It is evident that the few days will see developments which will include many highly interesting features."

He said Britain had waited, planned and waited for five months before unleashing the assault. "It is far too soon to indulge in any optimism," he said, "all now depends on the battle which follows. ## TRUCKS COLLIDE NEAR WILDWOOD

Two men are dead, a third is in an Edmonton hospital, following a head-on collision between two trucks on the Edmonton-Jasper highway a three-quarters of a mile west of Wildwood, which is 70 miles west of Edmonton, at about 9 p.m. Wednesday.

The dead are Melvin Griffith and Elmer Hansen, 17, both of Wildwood.

Griffith was instantly killed and Hansen died within a few minutes after the truck in which the two were proceeding with five others east into Wildwood, collided head-on with a coal truck proceeding in the opposite direction, owned and operated by Floyd Street of Edmonton.

Griffith is said to have been the driver of the light truck.

High State Dignitaries Gather At Laurier Centenary

Widespread Ceremonies Are Observed In Honor Of Former Liberal Chief

ST. LIN, Que., Nov. 20.—(CP)—Government and university leaders gathered in this little French-Canadian village 35 miles northeast of Montreal today to mark the 100th anniversary of a great statesman of former years, Sir Wilfrid Laurier.

Girl's Death Inquest Set For Tuesday

Continued from Page One  
Saskatchewan jail following his appearance in police court Wednesday.

Deletions of the police department have not led down in the morning to the jail of the person for the case against the accused. The latter two attending the dying of a child at the St. Mary's hospital after the attending physician to be called for the inquest include Dr. Macgregor, Dr. A. J. C. Lawrence and J. H. Gervais. The latter two attending the dying of a child at the St. Mary's hospital after the attending physician to be called for the inquest include Dr. Macgregor, Dr. A. J. C. Lawrence and J. H. Gervais.

CONSTANT TO APPEAR  
Const. Harry Nelson, who found a knife and a pair of leather gloves near the scene of the crime, is likely to be an important witness.

As one of the most interested parties at the inquest, Chester W. Johnson, accused of the murder, is likely to be called to the stand and give evidence, if he so desires. It is expected, however, that his legal division, Hugh Calais MacDonald, K.C., will look after the interests of Johnson at the hearing, which later will not be brought to the city from Fort Saskatchewan jail.

"Retirement" Of Weygand Is Announced

Continued from Page One  
has been from Egypt and French Africa.

STUDIES RELATIONS  
(The state department in Washington announced it was reviewing the military relationship with Vichy because of Weygand's removal, which was called an ominous development in growing Franco-German relations.)

(Weygand, Allied commander when France was beaten by Germany, was said to have been recalled to France to help in the war against Germany, and his "retirement" followed three full days of a great conference with the aged Pétain.)

The Nazi-government Paris newspaper "Nouvelles Temps" called for the "immediate defense of Africa."

Purpose Seen In Dill Appointment By Indian Papers  
BOMBAY, Nov. 20.—(CP)—The appointment of Field Marshal Sir John Dill as Governor-General of Bombay was linked today by several Indian newspapers with "approach of the war toward India."

The Calcutta Statesman wrote the appointment is a noteworthy event, coming appropriately at a time when the war is drawing near to its conclusion.

Another Calcutta paper, the Amrita Bazar Patrika, said the appointment is a recognition by the British government that India is much nearer to India than many of us imagine.

BEATIN' THE BLITZ

British Sweep Far Into Libya As Drive Opens

Continued from Page One  
The advance was signalled by the fact a special message from Prime Minister Churchill was read to the law members participating just before the blow fell on the Axis outposts.

There was an intimation the British advance may have been planned even sooner, it being stated that weather delayed preparatory bombings by the R.A.F. When the blow fell, however, it was heavy, the air ministry saying the R.A.F. had attacked and was attacking a variety of targets with a force never yet seen or expected in North Africa. Seven Axis troop carriers were shot down in one preliminary engagement.

HEAVY RAINSTORM

The land forces moved up to the barren border zone on Monday night and bivouacked for a few hours of sleep. But a rainstorm swept over the desert.

In his secret underground headquarters, Gen. Cunningham refused to let this delay him, declaring he knew his task was a tough one but was confident of success and that the morale of his men was so high "they have their teeth straight up."

As the man who crashed the Italian East African empire, he has experienced plenty of bad weather and rain going before. The phenomenally hard rain pelted the sands on the high plateau but washed out roads and trails nearer the coast. It suddenly stopped in the morning.

The going was admittedly made difficult along shore, where two German armored divisions were trapped, but both sides were troubled for the R.A.F. reported sighting 300 Italian tanks, armored cars and trucks bogged down in one sector.

It was at Sidi Barrani, a score of miles south of the Mediterranean shore, and at Bardia, 50 miles from the coast, that the main force of the British armored thrust was first directed. Squadrons of tanks from the United States dashed across the sands.

The Imperial forces appeared to be on a flank movement, aimed at getting around the powerfully-defended Axis border fortress of Bardia and perhaps forming an early junction with the British force at Tobruk.

Since last April 11, free Polish troops recently have reinforced that position, which has vowed never to march out except to meet its own men.

The British force—far different from the "loose army" with which Sir Archibald P. Wavell drove across most of Libya in 33 days last winter and then was driven out again in 18 last spring—are heavily equipped with the finest weapons from Britain and the United States.

Use of equipment  
The use of equipment, American-made planes, tanks, guns, bombs and bullets have been heaped in quantities on the Egyptian coast. Whole units of the new army are filled with American tanks, many squadrons of bombers and fighters are formed entirely of United States manufactured aircraft.

These tanks and planes are manned by Englishmen, British, New Zealanders, South Africans, Free French, with the army also containing representatives of India and all the colonies.

Gen. Cunningham's army, said an authority here, is the greatest ever assembled in North Africa. Considering the limits imposed by the desert conditions, "it is correct to say the maximum has been reached," he added.

This is the new eighth army or army of the west, formed with the old army of the Nile was split. One section remained in desert while the other under Lt.-Gen. Sir Henry Maitland Wilson became the army of the north in Syria and Palestine.

In addition, British has increasing forces in Iraq and Iran.

—By Rick Elmes

Churchill Says Test Is Likely At Early Date

Continued from Page One  
keep wide awake when preparing and making their rapid and extensive movements.

"The encounter, when it is achieved, in the case of fleets and flotillas and as in a sea battle all may be settled one way or another in the course of a few hours."

DESTRUCTION IS AIM

"The object of the British and Empire offensive is not so much to occupy this or that locality but the destruction of the army and primarily the armored forces of the enemy."

"One thing is certain, that the British and Empire troops are animated by a long pent-up and ardent desire to engage the enemy, feeling as they all do that this is the first time we have met the Germans at least equally well armed."

"The purpose of the army of the western desert took up its preliminary station on a broad front from the sea to Garabouh and it was in readiness by nightfall of the 17th."

"At dawn on the 18th the general advance began."

HAMPERED MOVEMENT

"Very heavy and exceptional rains hampered the movement of our forces which had great distances to cover."

"These rains, however, appear to have been far more heavy in the region than in the desert and may well prove more harmful to the enemy than to us."

"The going with our army came into contact with enemy outposts at many points and it seemed certain that the enemy was taken completely by surprise. The desert army is now favorably situated for a trial of strength."

"It is not known up to the present whether this trial was actually a sharp or taken place between heavy armored forces but evidently it cannot be too long delayed."

"It is far too soon to indulge in any evaluations."

BRILLIANT APPROACH

"Gen. Sir Claude Auchinleck and Lt.-Gen. Sir Alan Gordon Cunningham have made a brilliant and successful strategic approach and have gained positions of marked advantage."

"All now depends on the battle which follows."

"It is evident that the next few days will see developments which will result in many highly interesting features."

Concluding, the Prime Minister said the Empire troops engaged fully realized what part a British victory in Libya would play "upon the whole course of the war."

Government Aid Given Mackenzie Air Service, Ltd.

By R. T. RICHARDSON  
Edmonton Bulletin Ottawa, Nov. 20.—Capital assistance amounting to \$200,000 has been provided by order-in-council for Mackenzie Air Service, Ltd., Edmonton, for the installation of new aircraft overhaul base, Hon. J. A. Macdonald, minister of trade and commerce, said today. The grant was authorized under the wartime capital assistance program of the government and supply department.

This order-in-council undoubtedly applies to provision of funds for equipment already purchased and in use at the M.A.S. aircraft overhaul plant, it was stated today by W. L. Briggs, minister of the company.

The population of New York state jumped from 12,586,000 in 1930 to 13,779,822 in 1940.

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Indigestion is a common ailment which can be cured by the use of the following remedy: Take one teaspoonful of the following mixture three times a day after meals.

What you need today is the "Indigestion Cure" which is a powerful remedy for indigestion, heartburn, and all the other ailments of the stomach and bowels.

Canadian Army Ready To Fight Where Needed

Continued from Page One  
Informants under strange lenses. That now seems to be the only limitation to activities of Canadian troops since it is decided that they are needed in action.

While the Canadian expedition to the Congo may not be a main matter, it will serve as an other definite link between Canada and Australia, the greatest British dominion in the Pacific, with which Canadian relations have not always been too intimate.

Another move in this direction has been the appointment of Major Gen. Odium as Canadian representative in Australia. The fact that

solitaries from distant Canada are helping to defend territory which Australia regards as her own front yard, and are thereby defending Australia itself, will help to break down the feeling of remoteness and suspicion which has always existed to some degree between the two mighty agricultural countries, inhabited by proud and hardy people.

HIGH SPIRITS

Morale in the Canadian forces here has not been too easy to maintain during the past 16 months, but it is better than the indignant at Aldershot would indicate. Most of the men are well-educated citizens who are able to understand that a war is not just a series of battles and charges and that the present struggle will not last forever. Any discontent has been due entirely to the high spirits of the men and the Mackenzie King incident was to a large extent an outburst of the spirit.

## Looking them Over

By JACK KELLY

JUST running wild around apartment.

The executives of the Canadian Athletic Club have an idea that the other clubs in the Edmonton Junior Hockey League are going to wish they had never seen a lad who has just arrived here. This piece of bad news is known as Doug Mackay. He came from Prince Albert and has a reputation for being nine-inches brick wall when he is in a hockey game. The spot he will fill for the Canadians. He is a sensation as a juvenile.

Incidentally the new rink at 119 street is coming along nicely. Ice could be started any time the thermometer allows low enough. It is probably the most attractive open air rink you have ever seen. Fans will get a fair amount of protection from cold and wind. The covered benches around the playing surface will seat nearly 1,000—if they don't mind being a trifle clumsy.

City hockey clubs do not expect to get started on regular play before December 15.

In the meantime the Canadians are drilling three nights a week at the King Edward school gym—Mondays, Wednesdays and Fridays at 8 p.m. Bert Toul, ex energetic fireman, is the sergeant in charge of this P.T. program for the club.

### It Was a Big Day For Kirk

PAUL KIRK, member of the Edmonton city police force and halfback with the Edmonton Eskimos during their two years of Western Conference football, is back from a holiday trip to his parents' home in Minnesota.

The final perfect touch was put on the vacation when Paul sat in the 31 section and watched the Minnesota Gophers pull that sensational last minute victory against Northwestern. You will recall the play that gave Minnesota its winning touchdown from 41 yards out was a break stunt in which they pretended to start an argument and then snapped up the ball without huddle or signal and beat Northwestern was set.

Paul played three years of college football with Minnesota Gophers and at the big M game, following the game with Northwestern, he was introduced as the man who beat Northwestern at Evanston in 1933 by throwing a left-handed forward pass to Phanner who raced over for a touchdown.

Kirk says that the new Minnesota Stadium Union building in which the dinner was held, is really something. It is said to have cost over \$5,000,000 and has the very latest and finest in everything.

### Toronto Ball Club on Rocks Again

WRITING in the Toronto Star, Andy Lurie reports that the Toronto Baseball Club, operators of the Maple Leafs in the International League, is in another financial bog. Percy Gardiner, who took the club over from the Oakley estate, has announced that he is through with it.

Efforts are now under way to raise enough capital in Toronto to buy the Leaf machine from Gardiner. Somewhere must be found before Nov. 27, date of the International League meeting, or dire consequences are likely to follow.

Several former major league stars are reported ready to take over the Toronto franchise, but they expect to get full control for 20 or 30 years.

Toronto ball enthusiasts figure that more than 100,000 fans and a manager who is on his way up to the game will be there. They are very up on managers who are on their way down the ball ladder.

### An 880 Tooth Was at Large

DOWN in Toronto the boys are chucking over the story Sammy Luffspring told about refereeing the recent Al Delaney-Bob Paton affair in that city.

"It is funny," relates Sammy, "when Foster hits him and 'kicks' your teeth into my hand and I refered it right. I tell him, 'gimme and I should pick it up because it's worth \$80. I should look for out that tooth. Delaney looks at me and begins to yell his teeth in but Delaney keeps saying me to get his tooth back. There it is, he points at the ball, so I pick it up."

### Want A Ball Player?

## Over-Production Of Talent Headache For Card Bosses

ST. LOUIS, Nov. 20.—(AP)—Branch Rickey, shaggy-maned general manager of the St. Louis Cardinals, has warned various persons, including Manager Billy Southworth, to lay in an ample supply of aspirin for the 1942 National League season.

The Cards have so many players they don't know what to do and Rickey said today that he is a real headache for Southworth, who gets which to keep on the roster.

To start with, the Cardinals have the same players who played in the flag fight all last season despite numerous injuries. And then, there's Southworth's talent up from the farm system to back and bolster the regulars.

Much of the shop talk centres around young Jim Henry who has been bought by the Cardinals for the Rangers. If Sugar Jim looks like Lester Patrick's outfit, he'll be the first major league pitcher to be bought by the Cardinals.

Manager Red Dutton of the Cardinals has come up with a new one for the farm. He's got a new one by putting on table tennis matches between players.

Dutton is still looking for a new team name. One of the first signs is "Brooklyn's Grizzlies." The headline boys think they would like to call the team "the Grizzlies" and give a name as any for the N.L. options.

The Philadelphia Phillies, with the odds facing the league, never again will confuse the enemy.

The Flying Fingers not only are untried and untested, they are untried. But for the better part of the season, they have been in the field. The Philadelphia Phillies have been in the field in some of the nation's 150 cities.

The Philadelphia Phillies have been in the field in some of the nation's 150 cities. They found their way into the field in some of the nation's 150 cities.

## BULLETIN

Most Popular Pastime

Partly due to feminine interest and to industry-sponsored leagues, bowling recently has had a phenomenal growth and now rates as America's most popular pastime. Above, Joe Watson, greatest match game bowler, gets a class of young women off on their right foot (beg pardon, all but one) . . . shows them how to lay the ball down on the alley.

### More Than 16 Million Trundlers

## Bowling Rush Jams 50,000 Alleys Due To 10-Pin Boom

CHICAGO, Nov. 20.—(NEA)—More than 16 million persons of all ages make bowling America's most popular pastime. From 53,000 alleys in metropolis and hamlet comes the angry thunder of crashing tenpins. You have to fight to get on them. Men, women and children jam tenpin emporiums. There has been a wildcat growth in league competition.

In fact, industry-sponsored bowling leagues are the backbone of American bowling competition. Industrial management relies more heavily on bowling in recreation programs than any other sport.

The A. B. C. sponsors an annual tournament, biggest bowling event in the United States and Canada. In the 1940 championships in Detroit, 30,000 individuals participated in the five-man team event, 10,000 in two-man teams, and 20,000 in the individual—a total of 61,000 entries.

Fees of \$300,385 were paid by those who entered from 729 cities in the United States and Canada. Winners received \$240,877 in prizes. More than 5,000,000 words were transmitted in telegraph relative to the championships.

In 1940 the A.B.C. entries consisted of five-man teams, 70 doubles and 115 individuals. Prize money totalled \$1,500. It looks like bowling is here to stay.

They are. Johnny Chad formerly with Chicago National Hockey League, expected to play with Regina, Saskatchewan senior league.

Vince Gorman, formerly with Philadelphia American League, expected to play with Regina. E. Tuckey, untested in recent professional rounds, expected to play with Fort William, Thunder Bay senior league.

Byron McDonald, formerly with Pittsburgh American League, expected to play with Moose Jaw, Saskatchewan senior league.

Archibald Wilder, formerly with Indianapolis American League, expected to play with Saskatoon, Saskatchewan senior league.

Paul Platz, formerly with Providence American League, expected to play with Saskatoon, Saskatchewan senior league.

George Asar, formerly with Cleveland American League, expected to play with Saskatoon, Saskatchewan senior league.

Win For Bing SYDNEY, N.S.W., Nov. 20.—Mushu, a recent acquisition of Bing Crosby, won his first Australian race yesterday, a juvenile in four over the Victoria Park course. The filly led from the start, winning in record time and setting off at the mileposts at 10 to 1.

The filly finally was traced to the Wall Street establishment and the perpetrators admitted it said.

And that's got the half of it, said Jerry Crozier, speaking through a flea and blood representative of our press in including Ching flunked their mid-term exams and now the last two games we won must be forfeited. What happened to Plainsford said not happen to a dog?

Ching was credited with scoring 13 of Plainsford's 17 points in its first seven games. One New York sports writer had a stirring story on Plainsford's last victory against a pigskin power named last Tuesday.

Plainsford's last victory against a pigskin power named last Tuesday. The payoff.

## Lunde And Culley Save Maple Leafs

CALGARY, Nov. 20.—(CP)—Mel Lunde, 23-year-old forward from Edmonton who performed with Lethbridge Maple Leafs, Alberta champions and Western Canada, Allan Cup finalists last year, made his 1941-2 debut in the newly-formed A.B.C. Senior League an admirable one. The opener drew 5,000 fans.

Mel, starry right winger, who came to Leafs with a teammate Don Culley from Olds Elks two years ago, picked up an angle shot from the former at 6:42 in an overtime session to give Leafs a 3-3 draw with Calgary Stampede in the opening league game here last night.

The two squads met again Saturday night in the league's second game.

Culley, who is also an Edmonton boy, starred with Lunde while playing for Olds, being the leading point-getter for that club and last season garnered 40 points for Leafs. In the scoring race Lunde got 10 goals and 17 assists last year for 27 points.

## Davey Kerr Turns Down Swell Offer From Canadians

TORONTO, Nov. 20.—Davey Kerr, former goaltender for New York Rangers, said in an interview here Wednesday he had turned down an offer from Montreal Canadiens which called for "the biggest contract I have ever been tendered since starting out in pro hockey."

He said Tommy Gorman, general manager of the Canadiens, telephoned him twice Tuesday and sent a telegram yesterday in which he "practically asked me to name my terms."

"It was considerably above the top salary I received with New York Rangers," he continued.

He said he declined the Montreal offer by telegram because he did not want to take a chance on telephoning Gorman.

"That guy has the greatest public conversation in the world and I decided the quickest way to say no was by telegram," he said.

Kerr first was said to New York by Gorman in 1934 from Montreal Maroons, when Gorman decided to save the veteran Alex Connell in the Maroon nets to replace Kerr.

A body which weighs as much as seven tons at birth.

### Ask Increased Wheat Ceiling

Continued from Page One

position occupied by wheat. In view of the fact that wheat is selling at depressed prices in the base period chosen by the government for fixing of price ceilings, consideration be given to this commodity in fixing a price ceiling.

**PRESENT AVERAGE**

"It is our understanding that 82 1/2 cents per bushel for One Northern, Fort William, would be about the price ceiling under the terms of the recent order-in-council. Our organization proposes for
